### **ARCHCOTE LR-6303** **Technical Data Sheet** **Architectural primer**

#### **Description**

LR-6303 is an anionic styrene acrylic emulsion designed for alkali resistance primer. It offers excellent alkali resistance and salt-out resistance.

#### **Key features**

1. APEO-free, no formaldehyde added
2. nanoparticle size, excellent penetration
3. Excellent salt-out resistance and alkali resistance
4. Excellent adhesion
5. outstanding water resistance and water whitening resistance

#### **Application**

Interior or exterior wall sealing primer

#### **Key Properties:**

<b>Polymer Types</b>	Acrylic Copolymer Emulsion
<b>Physical Appearance</b>	Milky White
<b>Solid Content(%)</b>	47±1
<b>Viscosity( CPS)</b>	2000-6000
<b>MFFT(°C)</b>	20
<b>Tg(°C)</b>	36
<b>pH value</b>	7.0-9.0
<b>Particle size</b>	0.1um

\* These properties are typical but do not constitute specification

### Additional Information

**Storage Life (Shelf Life):** 12 Months from date of production

**Packaging:** 50 kgs, 160 kgs, 200kgs, IBC

#### Storage:

The product should be stored in dry condition between 5~35°C with the integrity of the packaging, and prevented from direct sunlight. The validity of this product is for 6 months, performance assessment is recommended before use after shelf life. The product should be protected from freezing during storage. It is suggested to filter before application and use up once the package is open.

#### Precautions:

Guangdong Henghe Yongsheng Group Co. , Ltd. recommends that customers should check with Materials Safety Data Sheet (MSDS) for details about safety instructions. In case of skin contact: Wash with plenty of water/soap. In case of skin reactions, consult a physician. In case of eye contact: Rinse cautiously with water for at least 20 minutes. Tilt the head in order to avoid contact with the other eye. Contact an ophthalmologist.

We also suggest that you contact the suppliers of other materials used in our recommended formulations and consult appropriate health and safety regulations prior to use. The information contained herein is believed to be reliable. However, nothing in this technical sheet should be considered as a representation of warranty, express or implicit, regarding the product characteristics, application, quality, safety, merchantability or fitness for a particular purpose. Nothing contained herein is to be considered as permission, recommendation, nor as an inducement to practice any patented invention without permission of the patent owner.
